

## PTFE BASED AR™ ABRASION RESISTANT CONTROL CABLE LINER

### AR-280™ Liner

- High Crush Resistance compared to Natural PTFE

### AR-280™ JKT

- Jacket stabilized with Base Liner
- Light to Moderate Loads

### AR-500™ Liner

- Anti-Friction Liner
- Initial efficiency 86%

### AR-650™ Liner

- Heavy to Moderate Duty
- Initial efficiency 88.5%
- Final efficiency 90%

### AR-650™ Liner JKT

- Jacket stabilized with Base Liner

### AR-750™ Liner

- Highest efficiency performance

All materials of construction are warranted to meet specification and certified to be made from top quality resins without PFOA surfactant. 7/17
